## PL **Kolekcja designerskich mebli i donic, które żyją nocą...**

Z radością oddajemy w Państwa ręce katalog New Garden by Zuma Line – starannie wyselekcjonowaną kolekcję zewnętrznych i wewnętrznych, świecących mebli ogrodowych oraz designerskich doniczek. Jako marka Zuma Line, z dumą pełnimy rolę dystrybutora tej hiszpańskiej marki, która zrewolucjonizowała myślenie o przestrzeni użytkowej.

Prezentowana oferta jest dedykowana wszystkim, którzy cenią sobie oryginalny design i funkcjonalność. Meble i donice New Garden zostały stworzone z myślą o osobach poszukujących elementów wyposażenia, które potrafią elastycznie dostosować się do nastroju chwili i charakteru wydarzenia – od kameralnego wieczoru w ogrodzie po dynamiczne przyjęcie.

Wybrane modele wyposażone w panel solarny łączą niezależność z dbałością o środowisko, a możliwość sterowania pilotem oraz zmienna temperatura barwowa pozwalają na kreowanie niepowtarzalnej atmosfery za naciśnięciem jednego przycisku. Barwa światła, którą można płynnie regulować, zmienia oblicze każdego miejsca.

## ENG **The collection of designer furniture and planters that come alive at night...**

We are delighted to present the New Garden by Zuma Line catalog – a carefully selected collection of outdoor and indoor illuminating garden furniture and designer planters. As the Zuma Line brand, we proudly serve as the distributor of this Spanish brand, which has revolutionized the way we think about usable space.

The presented offer is dedicated to all who value original design and functionality. New Garden furniture and planters were created for people looking for furnishing elements that can flexibly adapt to the mood of the moment and the character of the event – from an intimate evening in the garden to a dynamic party. Selected models equipped with a solar panel combine independence with environmental care, and the possibility of remote control along with variable color temperature allow for the creation of a unique atmosphere at the touch of a button. The light color, which can be smoothly adjusted, changes the face of any place.

A photograph of an outdoor dining table at night. The table is covered with a white tablecloth and is set with white plates, silverware, and glassware. In the center of the table is a large, woven, cylindrical lamp with a tripod base. Above the table, a string of three glowing spherical lamps hangs from a black wire. The background is filled with lush greenery, including palm trees and bushes, creating a warm and inviting atmosphere.
